

St. Mark's Free Vaccination Drive

The St. Mark's Cathedral Free Vaccination Drive is started on 31st of May 2021, an initiative by our Presbyter, members of the Pastorate Committee, and the goodwill of our volunteers, and a generous corporate sponsor.

The planning and implementation team was formalized to execute the program. The members are Mr. John Wesley Amose, Mrs. Anjana Samuel, and Mr. Jabakumar, Mr. Hilson Raj, Mr. Ajith Samuel, Mr. Martin Henry, Mr. Suren Chander, and Mr. Arun Kumar.

By the grace of God, we were able to vaccinate those seeking and those eligible for either the first dose and second dose of the Covishield vaccine in two batches and over 80 people benefited. The batch 1 was administered on 7th of June and batch 2 was on 12th of June for the age group of 45+.

Through this initiative, we not only helped a good number of our St. Marks members but also for other Christians and non-Christians who registered with us.

We are still in the process of continuing this initiative and we hope more people are benefitted including the age group of 18+.

At this juncture, we specifically thank our Presbyter Rev. Vincent Vinod Kumar, our PC members Mr. John Wesley Amose, Mrs. Anjana Samuel, and Mr. Jebakumar, our Corporate Sponsor Mr. Hilson and his company Indo-MIM, our volunteers Mr. Ajith Samuel, Mr. Martin Henry, Mr. Suren Chander, and Mr. Arun Kumar our Administrative Officer for their support, coordination, and hard work in making this initiative a reality, and for the well-being of our members and beyond.
